

Transform Your Travel Business with Iconic Yatra CRM

Iconic Yatra Mobile Number: 7053900957

1. Welcome to the Future of Travel Management

Are you tired of juggling multiple spreadsheets, losing track of customer leads, and spending hours creating travel quotations?

The **Iconic Yatra CRM** is the ultimate all-in-one software designed specifically for modern travel agencies. We built this platform to help you automate your daily tasks, impress your customers, and ultimately—**grow your sales and revenue**.

Right from the moment you log in, your **Operational Insight** dashboard gives you a bird's-eye view of your entire business. Instantly track your Gross Income, Pipeline Leads, Active Tours, and Website Enquiries on one single screen, ensuring you are always in complete control.

2. Never Miss a Sale: The Lead Ecosystem

Stop letting potential customers slip through the cracks. Our comprehensive lead management system tracks every prospect from initial inquiry to final booking.

- **Lead Ecosystem & Categorization:** Our visual dashboard instantly breaks down your leads into clear statuses: *Active*, *Confirmed*, *Cancelled*, or *Not Converted*, so you know exactly where your business stands.
- **Smart Filtering:** Effortlessly filter your lead performance by *Today*, *This Month*, *Last 3 Months*, or the entire year to track your growth over time.
- **Detailed Lead Tracking:** Capture and organize crucial data including the Lead Source, Destination (Sector), Arrival Date, and Priority level (High/Medium/Low).
- **Staff Assignment:** Directly assign leads to specific team members from the dashboard so everyone knows exactly who they need to follow up with.

Today's:

3. The 60-Second Quotation Manager

Creating beautiful, accurate travel quotes used to take hours. With the **Quotation Manager**, it takes seconds.

- **Track All Quotes:** Manage and track all your quotations in one place. Instantly see how many quotes are *In Process*, *Confirmed*, or *Cancelled* this month.
- **All-in-One Generation:** Generate complete travel proposals with just a click of the "Create Quotation" button.
- **Instant Details:** Quickly view Quote IDs, Client Names, Travel Sectors, Arrival/Departure dates, and total Nights at a single glance without having to open multiple files.

4. Effortless Itinerary & Package Builder

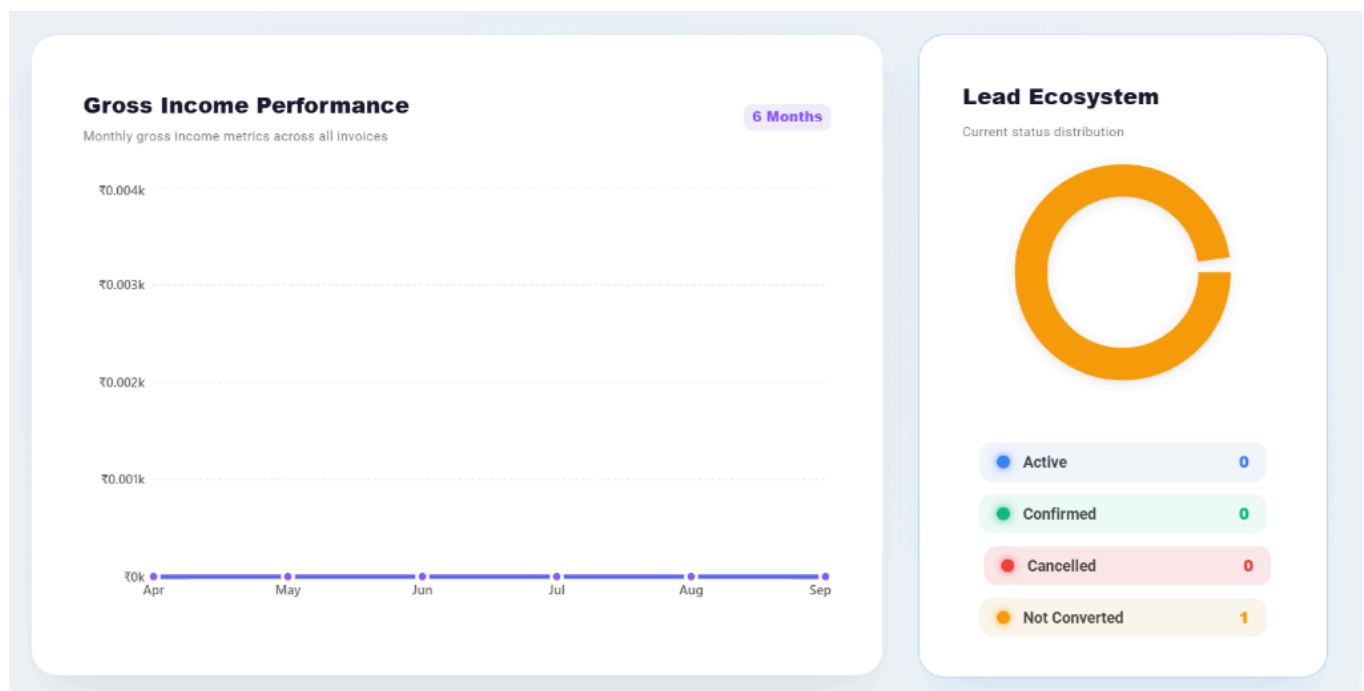

Showcase your travel packages like never before without starting from scratch.

- **AI-Powered Visuals & Itineraries:** Automatically generate smart itineraries and breathtaking destination photos using built-in AI, saving your staff hours of manual searching.
- **One-Click Package Cloning:** Have a successful itinerary already? Simply copy the entire package with one click and tweak the details, rather than building destinations and plans from scratch.
- **Day-by-Day Planning:** Create detailed, day-wise travel plans with assigned hotels and vehicles effortlessly.
- **Flexible Pricing:** Instantly adjust base prices, manage seasonal availability, and update your offerings without any technical headaches.

5. Get Paid Faster & Track Gross Income

Take the stress out of your accounting and cash flow with beautiful, easy-to-read analytics.

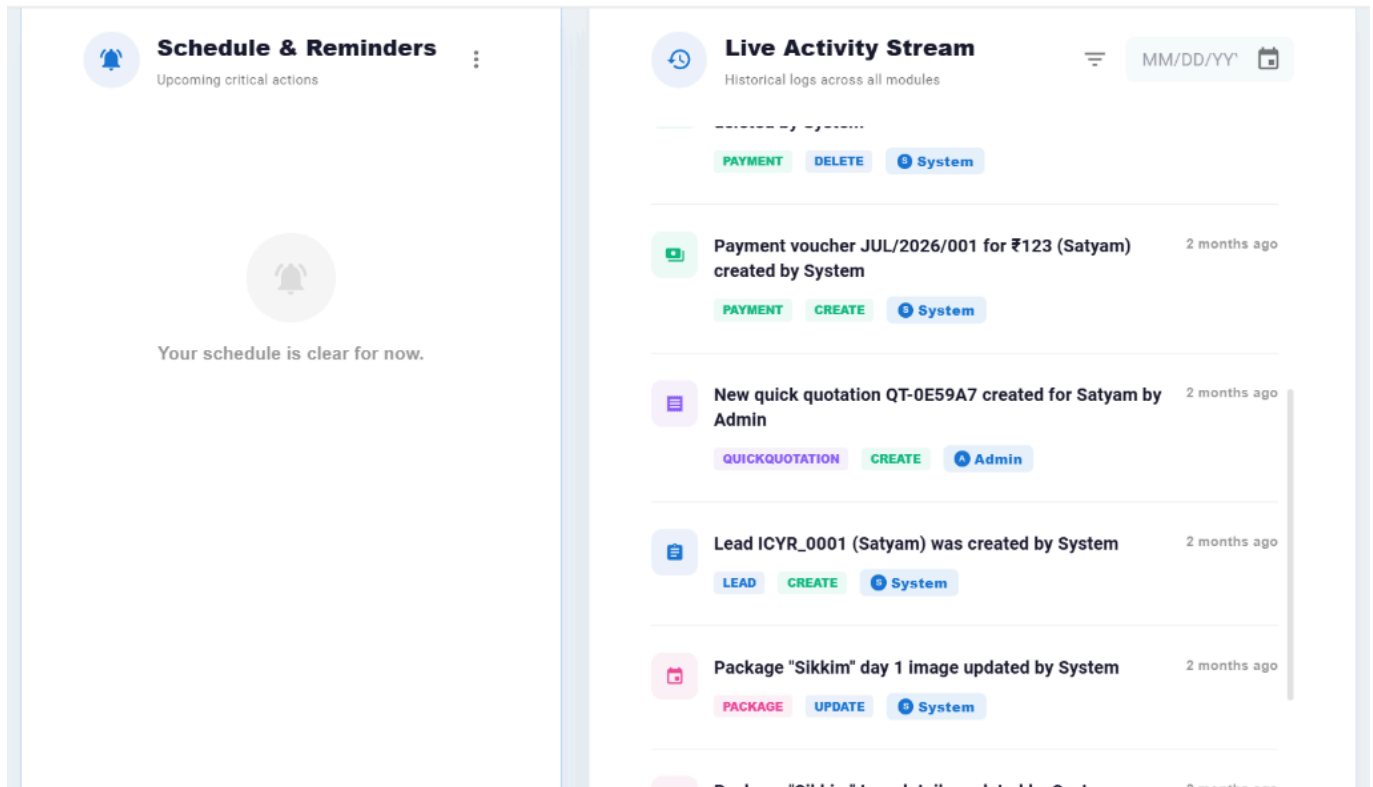

- **Gross Income Performance:** Our visual 6-month performance graphs let you easily track your monthly gross income metrics across all invoices.
- **Instant Online Payments:** Our system comes fully integrated with trusted payment gateways, allowing your customers to pay securely online.
- **Automated Invoicing:** The moment a booking is confirmed, the CRM automatically generates professional, branded invoices and payment receipts.

6. Empower Your Team: Live Activity & Reminders

As your business grows, our CRM ensures nothing falls through the cracks and your team stays accountable.

- **Schedule & Reminders:** Never miss a client follow-up. The upcoming critical actions panel keeps your team on track every day.
- **Live Activity Stream:** Complete transparency for the business owner. The historical log tracks every action across all modules—whether the System generated a payment voucher, or an Admin updated a package image, you will see exactly who did what, and when.
- **Staff Control:** Give your team members individual logins. You decide exactly what they can see and do, keeping your sensitive business data completely secure.

7. Control Your Website and Brand Identity

You don't need an IT guy to manage your website anymore.

- **Dynamic, Infinite Blogging Engine:** Dynamically create, publish, and manage an unlimited number of SEO-optimized travel blogs directly from your CRM.
- **Live Website Updates:** Update your website's hero banners, promotional landing pages, and special offers in real-time straight from your dashboard.
- **100% Your Brand:** The system is fully white-labeled to your brand—your logo, your brand colors, and your unique business identity.

8. Why Choose Iconic Yatra CRM?

- **Save Time:** Automate your manual work and free up your team to focus on selling.
- **Look Professional:** Deliver stunning quotes, invoices, and emails that build trust with your clients.
- **Increase Bookings:** Faster response times and better lead management directly lead to higher revenue.
- **Zero Technical Knowledge Required:** If you can use a smartphone, you can master our CRM.

Ready to take your travel business to the next level? Upgrade to the Iconic Yatra CRM today and give your business the ultimate advantage in a competitive market.
